Notes from the Monthly Teleconference March 11, 2023.

- *The meeting began with an explanation of a recent board action to “delist” a meeting from the ACA list of meetings worldwide. The general reasons were shared, as well as an assurance that the board had communicated with the group a path to be relisted as an official ACA meeting. The board also reassured attendants that a standard protocol for this kind of decision will be drafted and posted so that the process is transparent.*
- *The treasury reports that 7th tradition donations are up significantly. Exact numbers will not be available until next month. It will be satisfying to see the results of our efforts.*
- *Last month the WSO office delivered 10K new LPG and 10K Yellow workbooks as a direct result of increases in 7th tradition contributions.*
- *The literature Committee is still looking for funding to begin producing audio books.*
- *IT is working on a re-design of the WSO website and will soon be offering Slack tutorials*
- *We have a new Global Committee Chair: Shangrila, from India*
- *Volunteer Resources are providing guidance and support for volunteers, developing welcoming & educational materials and healthy communications workshops. They also promote emotional sobriety and healthy functioning in committees.*

Everyone is welcome to attend the monthly teleconference.
